## "GOLD STAR SHIP" IS GOING TO WORLD MEETING IN FRANCE

(Newspaper Enterprise Association)  
INDIANAPOLIS, Mar. 3.—Mrs. Alice  
M. French of Indianapolis, originator  
of the plan for a "Gold Star Ship" on  
which American War Mothers next  
June will go to France to see the  
graves of their fallen sons, also ex-  
pects to arrange an international  
meeting of war mothers in France at  
that time to organize and work for the  
ending of all wars.

To that end Mrs. French has been  
in communication with women in al-  
most every country of the world and  
says that plans for such an organiza-  
tion are progressing rapidly.  
This meeting will be the nucleus  
for a powerful organization that will  
strike for world peace, she says. The  
journey of the "Gold Star Ship" must  
not only be a bright spot in the lives  
of gold star mothers but it must have  
some far-reaching results that will  
show these mothers that their sons  
have not died in vain.

More than 500 mothers are expected  
to sail on the ship, which will  
leave New York for Cherbourg June 4  
and return about July 26. The cost  
will be about \$500 and \$600.  
Mrs. French says letters of inquiry  
have been received from War Mothers'  
organizations all over the country.

Seven itineraries have been arranged,  
which will cover all the battle-  
fields. Journeys over these routes will  
be optional and may be taken on any  
day.

## HOW'S THE WEATHER TODAY?

Thursday, with an average tempera-  
ture of 63 degrees, with the mercury  
sinking and remaining around 77  
during noon and the afternoon, and  
the lowest drop being 56 degrees.  
Warmth, a day of much sunshine and  
warmth, befitting the "Land of Sun-  
shine."

## BLUES FOUND MARRIED LIFE SOME "BLUES"

(International News Service.)  
CHICAGO, Mar. 3.—Now it's the  
"blues."  
Last October Mrs. Mary E. Blue  
and Neil W. Blue were granted a di-  
vorce here. Then John M. Watts, a  
friend of the family, effected a recon-  
ciliation. But all in vain. The Blues  
have just been divorced again. And  
now Mr. Watts is through with the  
role of go-between in marital  
troubles.  
"What good did it do?" he asked.  
"I heard you argue the entire day  
through on January 1. They would  
have wedded their fists if I hadn't in-  
terfered. The next couple that gets a  
divorce can stay divorced until diabolical  
spirits hit them for all I care."

## VERILY, VERILY, MAN SHALL RISE AGAIN

(International News Service.)  
BRIDGEPORT, Ohio, March 3.—A  
Bridgeport woman was determined to  
get rid of a rat that had been enjoying  
a nightly lunch from foodstuffs on her  
kitchen table.  
Obtaining a muskrat trap she set it  
on a chair beside the table.  
During the night her husband entered  
the room after medicine. He decided  
to sit down before taking the ache-  
reliever. He chose the chair on which  
the trap was set. Ouch—

## EMIL ROTHCHILD IS SUICIDE FOLLOWING HEAVY STOCK LOSSES

(United Press.)  
OMAHA, Mar. 3.—Emil Rothchild,  
millionaire grain dealer, committed  
suicide here today. Heavy losses in  
grain operations were responsible, ac-  
cording to a note left by him.

## CANADIANS TAKE NEW MEXICO LANDS

(International News Service.)  
ST. LOUIS, N. M., Mar. 3.—The  
tide of immigration from the United  
States to Canada, which was at its  
height ten years ago, when over 100,  
000 American farmers settled in Can-  
ada, has reversed itself. Canadians  
and expatriated Americans are mi-  
grating to the Sunshine Valley of New  
Mexico, where millions of acres of state  
lands are open to settlement.  
The vanguard of a large colony of  
Canadian Mennonite farmers arrived  
in Sunshine Valley this week, where  
they will take up 20,000 acres of ir-  
rigable state lands.

## PAINTING OF LATE SURG. GEN. GORGAS IS GIVEN WAR DEPT.

WASHINGTON, Mar. 3.—The  
Southern Commercial Congress in ses-  
sion here presented the war depart-  
ment today with a painting of the late  
Surgeon General Gorgas.

## STARTLING "REALISM" BY FRENCH PAINTERS

(International News Service.)  
PARIS, March 3.—"Realism" is the  
dominating note at the recently opened  
exhibition of French "independent"  
painters, and represents the youngest  
school of modern French art.  
Obstetrics and the operating theatre  
are the themes of some of the most  
remarkable paintings.  
The picture of the show is a large  
canvas entitled "The Plague," and  
representing with revolting fidelity to  
grim detail dozens of dying people.

## WANTED FOR VIOLATING ANTI-TRUST LAW, COAL OPERATORS SURRENDER

(The Associated Press.)  
INDIANAPOLIS, Mar. 3.—Indiana  
coal operators, indicted on charges of  
violating the Sherman anti-trust law  
by conspiring with miners and retail-  
ers to increase the price of coal, sur-  
rendered to United States Marshal  
Storera today and gave bonds.

## CLAUDE KITCHENS IS LIKELY TO SUCCEED LATE CHAMP CLARK

(United Press.)  
WASHINGTON, March 3.—Claude  
Kitchens, of North Carolina, probably  
will be made Democratic leader in the  
new House, to succeed Champ Clark.  
He has been ill for nearly nine months,  
but sent word today that he expected  
to be able to resume his congressional  
duties of the office within a few  
days. If Kitchens is able to resume  
duties within a few days, it is certain  
no one will oppose him for the office  
of Democratic floor leader, prominent  
Democrats said today.

## High Tribute Paid Former Speaker

WASHINGTON, March 3.—A trib-  
ute such as usually is reserved for  
presidents who die in office, was  
planned today for Champ Clark. The  
body of the former speaker, who died  
yesterday, will lie in state in either  
the rotunda of the capitol or the House  
chamber, probably the latter.  
Funeral services will be held in the  
House chamber Saturday morning.  
President Harding probably will at-  
tend the funeral if he can make ar-  
rangements to do so.  
Clark's death has cast a shadow  
over the inaugural ceremonies and the  
usual "horse-play" which marks the  
close of Congress.

## ALLIES WILL TAX HUN EXPORTS, AND ESTABLISH CUSTOMS STATIONS.

## DELAY PEEVES ALLIES

German Delegates Inclined to Accept  
Demands to Save  
Invasion.

## LONDON, Mar. 3.—It was an- nounced today that the Germans had been given until Monday noon to offer more suitable pro- posals, failing which the allies will advance into Germany.

If the Germans fail to meet  
the allied indemnity demands, or  
tender counter proposals more sat-  
isfactory than those presented  
Tuesday, the allies will put into  
effect the occupation of Duisburg,  
Ruhr port and Düsseldorf, in the  
German coal and industrial belt of  
Western Prussia, each of the al-  
lied governments will put a tax  
on German exports and also estab-  
lish customs stations along the  
Rhine.

When the indemnity conference  
opened at noon today Lloyd  
George rejected the German coun-  
ter proposals. It is reported that  
the German delegates are prepar-  
ing to leave for Berlin, one dele-  
gate stating, "We can do no more  
than we have." The Germans were  
bluntly informed that the allies  
do not desire to waste any more  
time and accused them of "vexatious  
evasion of the treaty." They  
were told they had not paid the  
money required, had not supplied  
coal in quantities specified by the  
protocol and had not brought their  
war criminals to trial.

A French communiqué said that in  
view of the German disregard of the  
Paris decision an extension of  
time in which the Germans must pay,  
from 30 to 42 years is now cancelled.  
Lloyd George told the Germans that  
France, in a year, twelve billion  
francs on the areas devastated by  
the invading German and recited the  
ravages of Belgium. He declared  
France and England were each bear-  
ing a burden three times the sum Ger-  
man proposes as a total of her in-  
debtedness.

German Foreign Minister Simons  
replied, said the German should  
study the documents presented by the  
allies and deliver their reply Monday.

## Germans Will Reply Monday

(The Associated Press.)  
LONDON, Mar. 3.—Dr. Simons, for  
the Germans, said the intentions of  
the German government had been mis-  
understood and that the German dele-  
gation would reply Monday noon.  
Lloyd George said the only modifica-  
tions permitted in a year, twelve bil-  
lion francs on the areas devastated by  
the invading German and recited the  
ravages of Belgium. He declared  
France and England were each bear-  
ing a burden three times the sum Ger-  
man proposes as a total of her in-  
debtedness.

## Entire French Fleet Prepares

(United Press.)  
PARIS, March 3.—A detachment of  
the French Mediterranean fleet has  
been ordered to prepare to sail for an  
"unknown destination." The entire  
fleet has also been ordered to Tonkin  
by wireless for coaling. Two cruisers  
and three torpedo boats will then sail  
on a secret mission. It was assumed  
that the orders were in connection  
with the allied ultimatum on German  
reparations.

## French Minister of War Returns

(United Press.)  
LONDON, Mar. 3.—The allies today  
served an ultimatum on the German  
delegates, demanding acceptance of  
reparation demands by Monday noon.  
Lloyd George told the German dele-  
gates that the following penalties will  
be imposed: Occupation of Duisburg,  
the Ruhr ports and Düsseldorf; levy  
of an equitable tax on all German  
exports to the allies and establish-  
ment of a customs line along the  
Rhine.

The British premier stated also that  
any modification that might be per-  
mitted by the immediate acceptance  
of the proposals will be abandoned.  
If the allies are compelled to use  
force.

French Minister of War Barthou  
left for Paris today to assume person-  
al charge of France's military prepa-  
rations. The attitude of the German  
delegation here for the reparations  
conference seemed all for conciliation.

## TUMULTY DECLINES APPOINTMENT MADE TO HIM BY WILSON

(International News Service.)  
WASHINGTON, Mar. 3.—Joseph  
Tumulty today declined the appoint-  
ment as a member of the international  
joint commission, because of "profes-  
sional engagements."

## CAMPUS MILITARY SERVICE IN MEXICO

(International News Service.)  
TORREON, Coahuila, Mexico, Mar. 3.—  
The military authorities of this  
zone have been informed that obli-  
gatory military service will be enforced  
in Mexico. This move is said to have  
the sanction of General Obregon  
Calles and Estrada.  
The age limit will be from eighteen  
to thirty-five years. The standing  
army will compose about 50,000 men.  
The officers will be graduates from  
the Chapultepec Military school in  
Mexico City.

## BLOODHOUNDS ARE IN PURSUIT 5 NEGROES WHO KILLED GUARD

(The Associated Press.)  
ORANGE, Va., Mar. 3.—Fosses with  
bloodhounds are today trailing five of  
seven negro convicts, who created a  
rifle from Guard W. E. Snow, near  
Madison Mills, and killed him.

## WENT HOME IN ANGRY MOOD AND BUT LITTLE ELSE

(International News Service.)  
COCK, March 3.—At Kilrush Fair  
soldiers compelled anyone wearing any  
clothes resembling uniforms to take  
them off and hand them over.  
One poor old man from the remote  
country who wore a pair of dilapidated  
khaki trousers had to "peel" them  
off and go home without them, to the  
amusement of the crowd.

## SANCTION FOR STRIKE ON A. B. & A. R. R. IS GIVEN BY THE UNIONS

(The Associated Press.)  
CHICAGO, Mar. 3.—Sanction for  
striking railroad brotherhoods and  
unions for a strike on the Atlantic, B.  
& O. and Atlantic railways, was  
dispatched to local unions after a  
midnight conference of head of the  
organizations here. The resolution re-  
sulted in a vote of 100 to 0.  
The strike has not been called.

## LONG NON-STOP RUN

(International News Service.)  
NEW YORK, Mar. 3.—The electric  
ally-driven American prototype ship  
has arrived at Port Said after a 5,122  
mile non-stop run, on the first leg of  
an around the world trip according to  
word received here.

## ALL HOPE ABANDONED FOR PASSING NAVAL BILL THIS SESSION

(The Associated Press.)  
WASHINGTON, Mar. 3.—Senator  
Poinsett, in charge of the naval  
bill, announced today that he had  
abandoned hope of passing it at this  
session. He expressed the message as  
passed by the House, saying it could  
result in a "disaster" to the  
American navy.  
Unabated opposition to the naval  
appropriation bill is said to be the  
cause of the abandonment of the bill.  
The bill is said to be "dead" and  
no other legislation which congress  
convened for the last full day of the  
86th congress.

Today, the delegates hope to avoid a  
blockade or anything approaching it.  
"We are ready to negotiate to make  
our proposals more attractive," one  
representative said. "The only thing  
that will drive us home will be a flat  
demand that we sign the Paris pro-  
posals without alteration."

## DAVIS SECRETARY OF LABOR IN NEW HARDING CABINET

(The Associated Press.)  
BALTIMORE, Mar. 3.—Presi-  
dent-elect Harding announced  
the selection of James J. Davis  
of Pittsburgh as secretary of la-  
bor and George B. Christian, Jr.,  
as secretary to the president, to-  
day.

## MOTOR GRAVEYARD IS FOUND NEAR BUFFALO; STOLEN FOR INSURANCE

(The Associated Press.)  
BUFFALO, March 3.—The finding of  
the wrecks of seventeen automobiles  
at the foot of a cliff on the south  
shore of Lake Erie, a few miles west  
of Buffalo, has convinced the police  
that companies insuring against theft  
have been systematically cheated. In-  
surance companies, in self defense, are  
carefully examining candidates for in-  
surance of this kind.  
In this lake shore graveyard of  
automobiles are makes of many sorts,  
from the plain runabout up to the pre-  
tentious limousine. Marks on the  
edge of the 85 foot cliff and the con-  
dition of the machines indicate that  
the automobiles were set afire before  
being sent over.

The theory of the police is that the  
machines were stolen from their own-  
ers, insured against theft under flet-  
terious names, reported stolen so that  
the insurance could be collected and  
then destroyed to prevent detection  
of theft.

Police records show that in three  
months, 484 cars were stolen, 41 of  
which were found burned or destroyed  
and 108 are still listed as missing.

## BOOZE RULINGS ARE SAID TO MADE FARCE OF THE PROH. LAW

(International News Service.)  
WASHINGTON, Mar. 3.—What  
about "boots" under the new admin-  
istration? Both "drys" and "wets" are  
anxious for an answer to that ques-  
tion. President Harding is expected  
to fulfill his promise to give the  
country "real enforcement." The  
"boots" laws are to be enforced in a  
different fashion, unless all states fail.  
What seems probable is that new dry  
law chiefs, pursuant to the new ad-  
ministration policy to begin by  
slashing "red tape" eliminating sugar  
play and get down to an application  
of the Volstead act as law as trained.

President Harding comes into power  
to find that "drys" law administration  
is enveloped in utter confusion. Al-  
though the Volstead act is a law, it  
was to be expected in the first year  
of enforcement under the dry law,  
of officials will find in force a mass  
of rules and regulations in the hands  
of dry law branches that are not  
enforced, and which fall in their  
passage. Many of these rules found to be  
unpractical and some of them have  
been found to be impossible to enforce.  
The Volstead act is a law, it is  
enforced.

Higher officials having experience  
of "dry" laws back in the days of  
prohibition enforcement, would have  
proved less farsighted than an attempt  
been made to suppress suggestions of  
doubtful legality.

It is a grand idea to be enforcing  
and enforcing regulations about a 21  
year old law, and even then, woe be  
to the "drys" who are not. The  
enforcement of the law is a grand  
idea, and it is a grand idea to be  
enforcing regulations about a 21  
year old law, and even then, woe be  
to the "drys" who are not.

What is the result of all this  
confusion? It is a grand idea to be  
enforcing regulations about a 21  
year old law, and even then, woe be  
to the "drys" who are not.

That in these times, it is a grand  
idea to be enforcing regulations about  
a 21 year old law, and even then, woe  
be to the "drys" who are not.

It is a grand idea to be enforcing  
regulations about a 21 year old law,  
and even then, woe be to the "drys"  
who are not.

## RAILROAD SITUATION CRITICAL

## SENATOR CUMMINS IS FEARFUL FOR FUTURE; OFFERS SUGGESTIONS

(International News Service.)

WASHINGTON, Mar. 3.—The coun-  
try's railroad situation is growing  
rapidly so critical that it is certain  
a demand for corrective measures  
will be made at the outset of the  
Harding administration and the new  
congress, according to Senator Cum-  
mings today. Operating difficulties with  
which the railroads are beset are but  
some problems which must be met  
promptly. "If railroads are to be pre-  
vented from drifting into government  
ownership."

He believes one solution will be to  
have railroads pool purchase supplies,  
attributing the high cost of supplies  
to competitive bidding, which natu-  
rally boosts prices. He is also of the  
opinion that labor cannot be expected  
to "carry" indefinitely the financial  
burden from which railroads are suf-  
fering, nor can the United States  
treasury be called upon for an indefi-  
nite period, to help railroads out of  
their financial difficulties. He also  
advocates centralization of railroad  
operation, after a careful investigation  
of the entire railroad situation.

Saturday of this week is the last  
day on which poll taxes may be paid,  
to insure a vote at the Daytona Beach  
elections, March 25.

Miss Margaret R. Owen, with the  
Underwood Typewriter company, four  
times world champion, will give a  
public demonstration on Friday at 10  
a. m. in Casino Burgoyne. She is  
giving a demonstration in Orlando to-  
day.

## E. D. Anthony, of Anthony Bros. Is Luncheon Speaker

E. D. Anthony, member of the firm  
of Anthony Bros., members of a string  
of clothing stores throughout the coun-  
try, delivered a very interesting  
address to a number of business men  
meeting together at Outboard's Grill  
Thursday night.

Mr. Anthony is a very forceful  
speaker, and delivered his address in  
his usual winning and eloquent man-  
ner, making his listeners members of  
his business house, through the  
talk, which was made on local busi-  
ness conditions in a general, picking  
out the weak spots and suggesting  
remedies to be applied.

The dinner with one of the actual  
business men of this city, at which  
many business men were present, was  
a success and a well-kept feeling  
prevailed.

COMMUNICATIONS

An earlier time in the United States that the negro race were not respected as human type, but in the later history such as objectionable lineage was turned toward as human being of certain breed.

There is a very peculiar thing that has happened, they are naturally black as African native and nearly all of them characters are so much differ from any other nationality, such a questionable race is an American citizen today, or course that honorable declaration to give equal chance is not of impartiality, now days that everything are reformed considerably and we don't find such as narrow thinkers, no doubt this wonderful result was brought by the modern education and that has bringing more wider and sensitive mind into the public conscience. A brilliant lecture by a gentleman and in his styled language that the same nationality is should be to stick together and the other unsimilarity of nationalities must be out of sight, because he hate them in several reasons, thence he does not wish to keep in his mind to join the League of Nations while the other European powers are associate with or those disfavored nationalities as member of the League of Nations, however he was quite sure and confident that great powers will stand by United States. I admit to that he is speaking a true.

The world is so bright and beautiful green and that is overwhelming while the other immense of things are restricted and without assurance upon existence of their lives of all sorts; that is why anything in the world that is very easy to believe or trust hence moreover we must to remember these racial cause the foremost was extraordinary race conceit in the United States, as such a quarrel some duration their were developed into a great and dreadful civil warfare, just imagine that the matter of fact was a very small but how great damage done by that a fearful conflict.

A modification of all immediate causes were cause neither military, diplomatic nor political, these were racial causes and that is still existing among the conglomerate people of the world, however that will not contrast with the religious fact and the government method, here is another questions arising and unmistakable.

Why that the men's right are given to woman who may be able to secure the government office with her ability, of course her service is no doubt just as good as men can do, however that something bound to be overcome with their women's ability and impossible upon some duty, there is compelled to say that we are possessing some different right and power between the men and women.

There is very queer in some odd, that in Bible study we always taught by our ministers that the truth and the principle is men that is first born on the earth, thence the women was to cause to come on earth, by the supreme being, and that the idea was to give up a happiness together, that what we don't understand clearly and a puzzle, we are hesitate to say that today whether the men is boss or the woman is a master, because we all

have equal rights, certainly it is difficult to decide which one is first or secondary, of course we can say this that the men is head of family and their supporter and the women is dependent.

For instance with her ability that a humble married woman elected as president, then what become of her husband, he is lawfully supporter and bound to be responsible as her husband duty, upon this incident she have right to demand and ask to the law to support all that her social expenses in that conclusion if he fail to that liabilities that his possession is to be punishable or compelled to be a dissolution of the marriage contract by legal authority, not only that the woman's duty is look upon more general education of their children, of course we all appreciate that the prohibition law enforcement was by the woman's influence, but earnestly we believe that present marriage law and all that domestic relation of method is remains that any country or state nor a small town cannot be ruled by a woman.

Many New Club Members Added in Last Two Days to Daily News Popular Contest

Up to the present time but very few of the many nominees in the News' Huge Circulation Campaign have really started to work, but we predict that in the course of the next few days the field will be well represented by active and ambitious candidates. All that have started have realized the importance of the extra votes to be gained by diligent work during the early part of the drive and all know the effect these extra votes will have on their totals. If anyone is thinking about entering and trying for the prizes she wants to wait no longer but should get right into the fray this very minute and do her best while there is time to secure the extra votes on each subscription. Remember that after March 12th, the votes must decrease, do your work between now and then.

Nominations are still coming in and by the end of the week we expect to have a much larger list of candidates in the field striving hard for the votes that will lead them to success and a bright future. So far none of the Club Members that have entered started to work have enough votes to place them in a decided lead position anyone could step right into the game now and be right up with the entire list in a very short time. And this will be done too if some of the slow workers don't take care. This campaign is for live workers and the lag ones will soon be placed into such a position that it will be impossible for her to regain an advantage.

About this campaign you will find no lack of prizes, to pull for there is no lack connected with the drive, in order for one to become an active member she must do her best toward the securing of votes and to win one of the prizes you must have more votes than anyone else and to get those votes it takes work in calling in subscriptions. You can't buy these votes and then again you cannot transfer them to some one else after you have once received them. You must get your own votes and then they are yours and will stay yours. Each and every candidate that enters and stays in the drive will receive at the close a very valuable prize. If you are not lucky enough to win one of

the cars or other main prizes, you still have a chance for the cash consolation. Anyone who has made regular reports during the drive and who still has not won a prize she will at the close receive from us a 15 per cent cash commission on all the work she may have done. Even this is well worth anyone's time for just a few short weeks. All candidates will receive the same fair and equal treatment; there will be no favorites played. The News is absolutely neutral as to who gets the grand prize—what we want to see is the hardest worker get the best prize, and that is what will happen—be that hard worker.

Anyone with plenty of pep and get up about themselves will have no trouble in starting now and be leading the entire list by the first count of votes, so don't wait any longer, but enter now and join the merry game of vote gathering, don't wait until someone has slipped ahead of the rest of the candidates—start now while the starting is good.

A Wrestling Match Extraordinary, Direction Co. A, Inf., Florida National Guard

## World Champion Wrestler, Ed. "Strangler" Lewis and LeMarin In Town for Big Match Tonight

Ed. "Strangler" Lewis, world heavyweight wrestling champion, and "Con" LeMarin, Canadian champion, whom Lewis will meet on the mat in the Army tonight to defend his championship belt, arrived in Daytona this afternoon and reported to the promoters of the National Guard for the bout tonight. Both men appear to be in the pink of condition, and LeMarin is overly anxious for the match having been "camping" on Lewis' trail for two months in an effort to secure this return match.

With the champion came the regular train of seconds, wrestling partners and several friends. Lewis came here from Jacksonville, where he successfully defended his belt Wednesday evening. LeMarin arrived from Savannah, where he has been in hard training since Lewis secured two falls out of three on him in one of the hottest contested wrestling matches ever witnessed in the south, staged several months ago.

Lewis will weigh in at 200 pounds ring-side, while LeMarin will have several pounds weight to the advantage. The bout will commence promptly at 8:30.

The bout tonight, which is for the championship heavyweight title of the world, will be refereed by Jean Mandeloff, one of the most experienced in the country. Mandeloff has been a wrestler and fighter himself, knowing all the fine points of the game. He was sparring partner to "Jesse" Willard, former heavyweight champion boxer of the world during his training for the Frank Moran battle.

The fact that the world's champion ship belt is at stake tonight made it necessary to secure a referee with

wide experience and Mandeloff is an ideal man.

Reserved seat sales at the Boxall store have been going fast for the past few days, and word has been received from fight and wrestling fans in Palatka, Deland, Sanford and St. Augustine that several crowds would come over from these cities for the bout.

Lewis has staged two bouts in the south, and this will be his third and final bout below the Mason Dixon line this time.

The previous matches, one at Savannah and one at Jacksonville, were exhibition matches, the agreements for the bouts stating that the title would not be at stake during either of these two bouts. However, the agreement and guarantee for the bout here tonight calls for a championship match, the championship will be placed at stake, to be won by the man securing the best two out of three falls, no time limit.

LeMarin, who has given Lewis a good run for his money in their previous match several months ago, is confident that he can withstand the stress of the sleep-producing "head lock" perfected by the champion, and that he can floor the champion best two out of three, with the hammerlock, which is used extensively by the Canadian champion.

The contest tonight promises to prove a fight for supremacy between the headlock and hammerlock. Lewis specializes in the headlock which he has perfected to a fine point, while LeMarin uses the hammerlock exclusively.

It is expected that the Army will be packed to full capacity long before the going sets the world championship bout going.

## TO SUCCESS

The News' huge \$3,500 Salesmanship Club Campaign is undoubtedly the largest thing ever attempted by any similar publication in this section of the state, and anyone in this territory may have a share in it if they are as ambitious as they should be and have enough pep to spend at least a few minutes toward the securing of votes. Any white lady with a little red blood in her veins can enter NOW and be leading the entire list by the first count of votes, because of the thousands of extra votes that are given free with certain amounts of money turned in before March 12. This first period will count more than anything else toward the winning of the prize automobiles, for, remember, the one that tries now will receive 110,000 extra votes over and above the regular vote schedule on every bonus of \$30 turned in before the close of the first period, March 12, 1921.

## CLARENDON RIDGEWOOD HOTEL

The week has been very gay socially at the Ridgewood. On Tuesday afternoon Mrs. E. P. Woodbury gave a bridge luncheon to 14 of her friends which was the first of a series of parties to be given by the same hostess within a short time. The second of the series will occur on next Saturday and the following Wednesday will occur the third party. Mrs. Woodbury is a popular hostess and social functions over which she presides are always much enjoyed.

The regular dancing party given in the Green Room last evening was largely attended and proved a very happy social event. The music which was furnished by the hotel orchestra inspired the most staid to "tip the light fantastic toe" and a feeling of regret pervaded among the season guests that the winter is slipping by so rapidly.

This evening will occur the regular card party, which is always attended by most of the guests and many of their especially invited friends.

Mr. and Mrs. O. H. McCormack and daughter, Marjorie, of Detroit, who have been at the Ridgewood for the season and who have been among the most popular of the guests, and Mr. and Mrs. G. G. Behn, also of Detroit, who have been highly popular at the Ridgewood during the season, left Tuesday for their northern homes.

They expressed themselves as having enjoyed the winter as well as any in their lives and the desire to return next year, when they will hope to meet many of the same friends who have helped in making the present season such a happy one. Mr. McCormack is connected with the Hudson Motor company.

Mr. and Mrs. C. C. Douglas, who have been spending a month at the Ridgewood, left Tuesday for St. Augustine, where they will spend a few weeks before returning to their home in Houghton, Mich. Mr. Douglas is interested in the mining industry in the upper peninsula of Michigan and is well known in mining circles.

Among the recent arrivals at the Ridgewood are the following: Mr. and Mrs. D. D. Scollin, Mr. and Mrs. J. J. Wand, R. Mylott of Cleveland, Ohio.

Mr. and Mrs. F. A. Schuman of Brooklyn, N. Y.

## PORT ORANGE

PORT ORANGE, March 3.—Sam Baigis had the misfortune to break his arm while spanking his Ford a few days since and was game enough to drive the "pesky thing" to the doctor to have his arm set.

The Port Orange town election of March 8.

Mr. and Mrs. Edward Kettles of Brooklyn, N. Y., who have been in Daytona since November, recently discovered that Mrs. Kettles' old friends, Mr. and Mrs. J. B. Case, lived in Port Orange and made haste to look them up. Mrs. Kettles is spending a few days of delightful reminiscences with the Cases while Mr. Kettles is down the East Coast.

That delightful entertainer, Miss Beulah E. McNamara, will give one of her delightful programs on Wednesday, March 3, at Brown's hall at 8 o'clock. She comes under the auspices of the Parent-Teachers' Association, comes well recommended, and promises "something to please everybody."

Mr. Pierce, son of Mr. and Mrs. William Pierce, who are spending the winter in the Case bungalow on Orange street, started in Mr. Pierce's Overland for Valparaiso, Ind., on Monday for a lonely drive of some 1,500 miles. Mr. and Mrs. William Pierce plan to go later by train. Mr. Pierce has not been very well and did not feel able to drive or ride in his car so far.

Mr. and Mrs. John Wilson and Mr. and Mrs. Harris, who are spending the season in the Zimmerman-West bungalow, took a trip to Miami some weeks since, where all the party, except Mr. Wilson, were affected with trouble diagnosed as pneumonia poisoning. They returned to Port Orange and all were lightly affected except Mr. Harris, who is still confined to his bed, but slowly improving. The trouble is supposed to have been caused by eating grapefruit that was over ripe. It is reported that C. A. Bonner, the station agent, has purchased a Ford sedan with all the latest equipments.

Mr. and Mrs. Frank Murphy and Mr. and Mrs. Croft returned a few days since from a motor trip to Tampa and other nearby points, taking in the towns en route, and report a fine trip, but Frank is too good a fisherman to be away very long.

The candidates for the town election on Tuesday, 8th inst., as given by Town Clerk J. H. Coffey are: For mayor, A. Harris; for clerk, William Morford, Ed Stover; for assessor, William Morford, Ed Stover; for marshal, Jesse Mettis; for tax collector, F. O. Sparkman, Harry Mettis; for treasurer, W. H. McDonald; for councilmen for two years, G. W. Morford, Gus Cooper, W. C. Earnhardt, C. C. Price, Ora Appenzeller, Frank Butler. This precinct is without a justice of the peace. J. H. Carrow having been elected at the last election and failed to qualify, having gone to Sarasota. J. B. Case having served a number of years, refused to be a candidate last year and resigned when Mr. Carrow failed to qualify. A petition was circulated for the appointment of W. S. Sands, and it is expected that he will soon receive his appointment. Clerk of election, Mrs. Florence McDonald. Inspectors, W. S. Sands, W. C. Earnhardt.

VIRGIL HARTON MAY BE CANDIDATE FOR COUNCIL. Last night a number of the friends of Virgil Harton, active young business man and garage owner, who happened to be men of affairs about town, called upon him and earnestly requested that he allow the use of his name as a candidate for council. To a News representative this morning Mr. Harton expressed his feeling with reference to the matter as follows:

"Of course, I am just as much interested in the welfare of Daytona Beach as any business man, who has all his investments and business here, can possibly have. While I do not want to shirk any duty I also realize that it does not pay a business man to get mixed up in little politics. No matter what an official does, he cannot please everyone and is bound to make enemies. If I consent to be a candidate at all it will only be for the unexpired term of Commissioner C. L. Vining. If I should be elected for that short time I would soon find out if I wanted any more of it and the people would find out if they wanted any more of me. While I am seeking no office I will not refuse to do my duty by my town."

## DeHaviland Plane Lands In Atlantic To Avoid Accident

Many bathers and frequenters of the beach were given a thrill Wednesday afternoon when Captain Mimes, piloting a huge DeHaviland H-4 type Marine Corps plane, with a set of six mechanical flying from Paris Island, S. C., to Arcadia, in landing on the beach, dived into the surf in order to escape hitting pedestrians on the beach.

The plane was completing one of the last legs of the flight from the Marine recruiting center to Carlstrom Field, Arcadia, Capt. Mimes, being unaccustomed to the beach, banked over the landing spot several times trying to signal those on the beach that he was landing.

Upon turning off the motor and gliding down, a person was noticed in the path of the searing machine, and with commendable presence of mind the marine captain banked the plane over toward the surf, the plane landing in the water.

A crowd immediately gathered and the machine was pulled back to dry land none the worse for the landing in shallow water. Two more De H. b's will arrive from Paris Island today and the three will complete the flight to Arcadia together. The flyers are making this flight under war department orders.
